

## Method of Eid prayer

1. First make the Niyyah (intention) by reciting "I intend to perform two raka'ats Eid-ul-Adh'ha waajib with six waajib takbeers."
2. Then raising both hands up to the ears, say **Allahu Akbar**, this is Takbeer-e-Tahreemah, which will be followed by three Waajib Takbeers, and fold your hands in the front and recite the **Sanaa**, subhaanakallahumma till the end
3. Then say **Allahu Akbar** thrice, each time raising both hands up to the ears and drop them.
4. After the third takbeer the hands should be dropped but folded in front and recite Aoozubillah, Bismillah, Surah Fatehaa and some other Surah.
5. Then perform Ruku and Sajdah as usual. The recitation by the Imaam should be done loudly.
6. The **second raka'at** will be performed in such a way that Surah Fatehaa and some other Surah will be recited first.
7. Then three takbeers will be said, as in the first raka'at. In all these three takbeers hands will not be folded but dropped after each takbeer.
8. And then go into the Ruku just after the fourth takbeer.
9. And complete the raka'at as usual.
10. **Mas'alah::** Khutbah after the Eid Salaat is Sunnah. However the listening of the Khutbah is Waajib.
